

## SEMI WET SURGICAL SUCTION

### MGF HYBRID 5

**Code:** AS-150-EX

**Description:** Semi-wet suction unit 2 Hp, max air flow 2.500 l/min, max operating head 180 mbar.

The separation module is equipped with a specific separating rotor, which guarantees constant, flawless separation through centrifugal force, also with higher foam loads. Long-term functionality of the suction pump over many years is only guaranteed with reliable separation. A free running, aluminum-turbine wheel ensures long term reliability.

The model MGF HYBRID 5 is also available with amalgam separator (code AS-150-EX-AS).
